

# PROUDLY MADE IN THE USA

Some products embrace the ideals of the USA so deeply, they simply HAVE to be built here. We strongly believe that SMC Horse and Stock Trailers are such products.

SMCs are proudly built in the USA. We hire locally from the northern Indiana area, situated in the middle of the heartland of this great country.

Our team has over 200 years of combined experience building horse trailers. This experience comes to light with every trailer, service call, and new innovation coming out of SMC.
